

sanatanjr.

A welcome for a friend

Choose a moment with a friend or family member. Ask what they would enjoy, then plan a small welcome. Draw, write or tell your ideas.

Something they said they would enjoy

Draw one way I could welcome them

What could I ask before we begin?

If they choose something different, I could...

Afterwards: one thing I learned by listening

An original family activity, not a ritual or a score. Draw, write or tell a grown-up. Personal, family and classroom printing is welcome; keep the attribution.
